Cyber awareness for back to school

Back to school is an exciting time for students, parents, teachers and staff. Unfortunately, it is also an exciting time for hackers, identity thieves, and other unscrupulous individuals who look to take advantage of this busy time of year. Parents: It is important to **be vigilant of back to school scams** and September is a perfect time to **remind kids of important ways to stay safe online** as they return to school.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

Netiquette: Online manners

Netiquette is a combination of the words **net (internet)** and **etiquette** and is a set of rules for acceptable online behaviour. We need these rules to know how to communicate respectfully online and how to use internet in productive, positive, and socially responsible ways. The **Golden Rule of netiquette** is to treat others online as you would want to be treated.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	1	2	3	4	5	6

- **Week 1 Tips:** Share mindfully and be respectful. If you wouldn't say it face to face, don't say it online either. Avoid posting disrespectful, inflammatory or offensive messages online.

7	8	9	10	11	12	13

- **Week 2 Tips:** Don't post or share (even privately) inappropriate material – everything you post or share online, stays online… forever… **even if you think you've deleted it.** Know the law – Non-consensual sharing of intimate images is never ok! If you are victim, there are steps you can take.

14	15	16	17	18	19	20

- **Week 3 Tips:** Bullying and harassment can happen online and can be especially harmful as it is easier to carry-out, it's more visible and it follows the victim. Learn more about cyberbullying during bullying awareness and prevention week.

21	22	23	24	25	26	27

- **Week 4 Tips:** Be careful with your tone. Using ALL CAPS, exclamations, and humour could be interpreted incorrectly as impolite or rude. And yes, grammar and spelling do matter.

28	29	30				

- **Week 5 Tips:** Post things that will inspire and motivate others in a positive way. Don't be a purveyor of misinformation and fake news. Fact-check before sharing or re-posting.

Don't be a victim of cyber scams!

Online shopping fraud is the most common type of property crime. Review your purchases before paying and look for red flags: Is the price too low? No PayPal payment option? No refund terms or reviews?

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			1	2	3	4

- **Week 1 Tips:** If the deal looks too good to be true, it likely is. [Avoid becoming a victim of an online shopping scam.](#)

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
5	6	7	8	9	10	11

- **Week 2 Tips:** Personal information on social media is an easy grab for online scammers to use and buy things without your permission – [know and control what your profile says and displays](#).

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
12	13	14	15	16	17	18

- **Week 3 Tips:** Purchasing online software? Always check what you try to download to help ensure you aren't directed to a malicious site or software. [Learn of ways to download safely.](#)

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
19	20	21	22	23	24	25

- **Week 4 Tips:** Are you logging onto a legitimate website or responding to a legitimate email? Look for [signs of spoofing](#), don't be tricked! Use secure websites with HTTP**S** instead of HTTP.
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
26	27	28	29	30	31	

- **Week 5 Tips:** Cyber criminals always look for different/new ways to scam unsuspecting individuals. Here are some of [cyber criminals' favourite tactics](#) and learn to [slam the scam](#).

Think before you click

Cyber criminals often use email addresses that look okay, current topics, and promises of prizes or free things to get us to click on malicious (bad) links. These criminals count on catching people off-guard. Be careful and stop to think about the messages you receive before you click.
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
						1
2	3	4	5	6	7	8

- **Week 1 Tips:** Don't be tricked into sharing your confidential information like passwords or downloading malicious (bad) software.

9	10	11	12	13	14	15

- **Week 2 Tips:** Learn about phishing, don't get hooked. Before providing any information, try to verify through a different communication channel that the sender is who they say they are.

16	17	18	19	20	21	22

- **Week 3 Tips:** Consider installing anti-virus and anti-malware software that scan files for certain patterns or signatures of known viruses and malicious software. Protect yourself!

23	24	25	26	27	28	29

- **Week 4 Tips:** Beware of ransomware that can take control of your device and lock your access or files.

Stranger DANGER!

Beware the unknown online personas, proceed with caution and be very careful about the personal information you reveal. Online predators can lie about everything. Before engaging with new "friends" online ask yourself: is this person really a stranger?

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		1	2	3	4	5

- **Week 1 Tips:** Beware of online predators. They build trust by sending many messages, asking to keep their conversations a secret, and manipulating to get personal information. Learn about The Trap!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
6	7	8	9	10	11	12

- **Week 2 Tips:** Remember to check friend requests and group invites before accepting them. Think about whether you have moved a "new friend" to "non-stranger" status too quickly.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
13	14	15	16	17	18	19

- **Week 3 Tips:** Use safety controls to customize your family's cyber experience, block inappropriate content and set time limits. Set ground rules, talk about the risks and ways to deal with them.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
20	21	22	23	24	25	26

- **Week 4 Tips:** Be aware of online luring and grooming risks, and beware of cappers. A child who is being victimized may have changes in behaviour at home and at school, know the signs. Learn more about human trafficking.

Digital space spring cleaning

Spring has sprung! It's time for a digital cleanup. – Did you know that digital spaces need cleaning just like our homes? Digital clutter can slow down devices and services you use. Keeping old files, online accounts, and programs/apps can put your devices and information at risk. To keep your devices and data safe and secure year-round, take some time to spring clean your digital space.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		1	2	3	4	5

- **Week 1 Tips:** Delete unused and outdated apps/programs on your devices. This frees up space and prevents old information from being shared. Some outdated apps may also become unsecure.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
6	7	8	9	10	11	12

- **Week 2 Tips:** Review your accounts and close/delete the ones you don't use. This reduces the risk of exposing your info (email, usernames, passwords, etc.) in the event of a data breach.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
13	14	15	16	17	18	19

- **Week 3 Tips:** Clear your web browser cache and cookies. This improves web browser performance and increases your online privacy.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
20	21	22	23	24	25	26

- **Week 4 Tips:** Back-up and archive your files regularly. This will ensure your data will always be available in the event of device failure or compromise. Delete files no longer needed.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
27	28	29	30	31		

- **Week 5 Tips:** Update your system and software. Having the latest updates keeps your devices and information secure. Recycling your device? Know what to do.

Your digital self-defence

Details such as birthdates, phone numbers, bank account, education, sexuality, religious affiliations, email addresses and passwords are regularly revealed online leaving internet users vulnerable to social engineering and possibly cybercrime. Digital self-defence is about digital self-empowerment. Learn digital strategies to protect your personal information, image, and reputation online.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
					1	2
3	4	5	6	7	8	9

- **Week 1 Tips:** Review the privacy/security settings on your devices and protect personal information on mobile apps – they may be sending data and using your microphone to 'listen' for information.

10	11	12	13	14	15	16

- **Week 2 Tips:** Personal information you post online can put you and your loved ones at increased risk of cybercrime and harassment. Travel plans and photos can tell thieves that you are away!

17	18	19	20	21	22	23

- **Week 3 Tips:** You may be unknowingly sharing personal information through social media games, quizzes and through shareable, interactive posts and pictures. Fight the urge and peer pressure!

24	25	26	27	28	29	30

- **Week 4 Tips:** Protect your reputation. Data created through your activities and communication online make up your digital footprint. That includes social media "likes" and comments.

Lock your door; lock your data

You wouldn't leave your house without locking your door - the same applies to your devices, applications, and accounts. Passwords or passphrases provide the first line of defense against intruders and cyber criminals. A few key password best practices will help protect your devices, accounts, and personal information. Take the time, the extra effort is worth it!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
1	2	3	4	5	6	7

- **Week 1 Tips:** Always use a unique strong password or passphrase for every account and device. Do not use personal information (e.g. name, age, date of birth, child's name, pet's name).

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
8	9	10	11	12	13	14

- **Week 2 Tips:** Verify the strength of all your passwords. Check whether your passwords have been previously exposed in a data breach. If yes, change them immediately!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
15	16	17	18	19	20	21

- **Week 3 Tips:** Use a password manager to keep track of login information. Never allow your web browser to save your passwords. Turn off the built-in password manager in your browser.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
22	23	24	25	26	27	28

- **Week 4 Tips:** Check if multi-factor authentication (MFA) is available on your devices and accounts. If yes, set it up for enhanced security. Remember not to share your login and password details.

Social media

Using social media helps you connect with your friends and family, share interest with others or get the latest news. **While social media can be fun, it can be risky as well!** Sharing your personal information can make you an easy target for scammers, identity thieves and online predators. That's why you should always **be cautious** what you post online!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			1	2	3	4

- **Week 1 Tips:** Are your online friends who they say they are? <u>Be selective, be cautious, be a sleuth!</u> Always be watchful about the people you connect with. Block unfriendly connections.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
5	6	7	8	9	10	11

- **Week 2 Tips:** What are your <u>privacy settings</u> on your devices and installed social media applications? Privatize your social life by setting privacy permissions.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
12	13	14	15	16	17	18

- **Week 3 Tips:** Don't share everything on social media, especially your personal information.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
19	20	21	22	23	24	25

- **Week 4 Tips:** Don't use location services especially when posting online. Refrain from giving too much information about activities, it might provide your exact location.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
26	27	28	29	30		

- **Week 5 Tips:** Be judicious about what you post online. You are what you post, and postings are forever! So be considerate and get consent before you post about others.
